

ManafSoft participates in Windows 7 workshop

Jun 03, 2009

In preparation towards the anticipated release of Microsoft's latest operating system (Windows 7), and as a Gold Certified Partner of Microsoft, ManafSoft attends a technical workshop in Dubai, UAE geared towards preparing its applications for the new operating system. Such workshops will help ManafSoft avoid any compatibility issues with the new Windows 7 before it becomes mainstream while maintaining its quality commitments towards its clients.
